Another contribution of this volume is the publication of new data that yield ground-breaking insights into the nature of Champa's presence in the highlands. Part I of the book focuses on the territories that constituted Champa, making use of data from recent excavations, archaeological and ethnographic surveys, inscriptions, and Cham-language manuscripts from the post-1471 period. In Part II, we turn to Champa as a kingdom, using data from epigraphy and Vietnamese chronicles, but also from ...
