Yale and the World - Yale University

China and the World Bank Group (WBG) have worked together for over 40 years. The WBG's new Country Partnership Framework (CPF) for FY2020 to 2025, issued in December 2019, reflects the evolution of the Bank Group's relationship with China toward a decline in lending and a more selective engagement in line with the capital increase commitments agreed to by its shareholders in 2018.

China Overview: Development news, research, data - World Bank

Propaganda in China refers to the use of propaganda by the Chinese Communist Party (CCP) or (historically) the Kuomintang (KMT) to sway domestic and international opinion in favor of its policies. Domestically, this includes censorship of proscribed views and an active promotion of views that favor the government. Propaganda is considered central to the operation of the CCP government.
